****Design a New Cover for the Novel****

Holes by Louis Sachar

Design an alternate cover for the book. Use ideas, themes, images or vocabulary (important words) and anything else that you might think valuable in designing the cover. You should take the **highest level of effort and neatness** in designing the cover. There should be **no white space left on your page** and **use only pencil crayons and trend pen for outlining**. Use the criteria below to guide your work and most importantly make your design something that could possibly replace the cover that is on our copy – often book cover designs / illustrations don't do the book justice (this one definitely doesn't). Make sure your design does!

Remember to Include the Basics: Title of the Book, Your Name as Illustrator, and the Author's Name!
